 - Title:** Goldmedal Electricals launches i-Touch Wi-Fi Switch range
 - By:** MyMobile Team | May 28, 2019
 - Image:** A black square smart switch with a digital display showing signal strength and the Goldmedal logo.
 - Text:** Goldmedal Electricals, a fast moving electrical goods company, has introduced i-Touch Wi-Fi Switches, a range of home automation switches that can be controlled manually as well as through a remote control, mobile app and voice commands, viz. Amazon Alexa and Google Assistant. These switches are extremely easy to install as they can be retrofitted into the existing wiring of one's home – without the need to drill any new holes or re-wiring.
 - Text:** These switches are equipped with a micro controller chip that saves all the parameters pre-set by the use. They can also be controlled remotely using a remote control and voice commands from any part of the globe.
