i-Strip for greater use of gadgets

EOI CORRESPONDENT

MUMBAI, JUNE 5/--/The Covid-19 pandemic has led to greater use of gadgets like mobile phones, laptops and other smart devices. Be it for work, online classes or entertainment, the dependence on these gadgets for our day-to-day activities have increased tremendously. In such a situation, charging multiple gadgets has become a necessity but managing it can get tricky. Goldmedal has a perfect product that will simplify your charging needs - the i-Strip LED spike guard. This ergonomically designed device with international plug-friendly sockets allow you to plug-in up to six devices at a time. Equipped with an LED indicator, surge protector, a reset switch, and a heavy duty cord, the i-Strip enables hassle-free charging of multiple gadgets at the same time. This handy product can also be mounted on the wall for added convenience. Bring home the Goldmedal i-Strip LED Spike Guard-a one-product solution that is lightweight, easy to use and stylish! This spike guard is available at an attractive price of Rs. 1162/- only. The device can be purchased online and in retail stores.
