Technical Characteristics

ZYRO BELL

The Zyro doorbell is an exciting way to welcome guests. Apart from its unique appearance and refined finish, the Zyro is feature-rich. The doorbell can play the tunes in sequence or you can choose a specific tune to be played, every time someone rings the bell. It also has volume control, play and pause feature to ensure that the doorbell sounds just the way you want it. The Zyro also has in-built 96 MB of storage that you can use to store the music of your choice. It is also equipped with flashing LEDs that blinks whenever a visitor rings the doorbell.
